

1.000.000 signatures by November 1st, 2013 means the European Commission will have to discuss the issue.
Please help, sign and share!

I support the European Citizens' Initiative to phase out animal experimentation

- for the animals who suffer in laboratories
- for the people who die from drug side effects

Support the European Citizens' Initiative
„Stop Vivisection“ now for your chance to influence
European policy-making directly.
